

## Project:Stage 2

Publication date: 8 sep 2014

Just a project document that show the possibilities of \_Project properties

## 1.3 Target situation

You can add questions that needs to be addressed by adding `_Question` in the property tab.

You can print only a part of complete repository by defining "`_Project`" property with an appropriate name for that project for every view you wanted.

After that you can print only the project pages by defining a Jasper report title that start with `Project:` following by the name you yosen for the `_Project` property.

You can add more than one `_Project` property.

✖ This view contains a faulty description

### Business Process 1

A business process is defined as a behavior element that groups behavior based on an ordering of activities. It is intended to produce a defined set of products or business services.

🔗 [1.2 Baseline situation](#)
